III. General professional experience:

I have worked for eight years at a major national defense insurance firm, where I specialized, among others, in representing the Liquidator of the State of New York. I was responsible for marshalling the assets of an insolvent insurance company which also involved obtaining trust funds held by a trustee for a bankrupt insurance manager. At the present time, I serve as an Administrative Law Judge for the Taxi and Limousine Commission, mediate approximately one case a week, do arbitrations, and teach at Touro Law Center. Immediately upon my graduation from Rutgers Law School, I clerked for the Presiding Justice of the Appellate Division of the New Jersey Superior Court and interned during Law School for U.S. District Court Judge John Bissell of the U.S. District of New Jersey.

IV. General pertinent experience:

I have mediated for the New York State Supreme Court, Commercial Division, for the New Jersey Superior Court, Civil, Equity and Probate Cases, NASD, Better Business Bureau, and have recently been appointed as a mediator for the NYSE. I lectured last summer on "Mediating with the Government" at Potsdam University (part of the Touro Law Center Summer Program). In 2003 I wrote an article on "Mediation" for the Insider, a newsletter put out by the APIW, the Association of Professional Insurance Women. I recently served as a coach for the Mediation Skills Training Program sponsored by NASD and the U.S. Bankruptcy Court. I mediate approximately one case a week.

VI. Pertinent bankruptcy training:

In marshalling the assets of the insolvent insurance company, I was involved with the Bankruptcy court, making a 2004 motion for the debtor's deposition and then was successful in getting nearly a million dollars held by the trustee of the debtor turned over to the Superintendent of Insurance. I was also involved in obtaining a stay from the Bankruptcy Court in another matter.

VII. General pertinent business or legal experience:

At this year's ABA's Midwinter Conference, I presented a paper on "Informal Rulemaking under Interstate Compacts." Since then, I have become a contributing editor to the ABA's Administrative & Regulatory Law News. Recently I co-chaired a full-day (8CLE credits) program on Administrative Law at the Association of the Bar of the City of New York. Several of my articles have won prizes and I have written for the New York Law Journal's "Outside Counsel" column and a Book Review. I have

received the President's Circle Award from APIW for articles I contributed on Mediation and Arbitration to the society's newsletter. I was a Small Claims Arbitrator for three years and have since become an arbitrator for NASD, NYSE, and the Better Business Bureau. I also have a Ph.D. in English Literature and prior to becoming an attorney, I was teaching English at various universities and published two well-received monographs. I gave a lecture at the ABCNY on the movie "To Kill a Mockingbird."
